@carlosdieguez

You were just retired from your job, looking for a new church and were separated from your family. But don't worry, we are working to prevent things like this from happening again.

LIFE

He and his wife Therese were married for about a decade and recently retired. They lived in nearby La Vernia. Ricardo had one adult daughter and two adult sons.

AMENDMENT

I think that there should be a law or an amendment that authorizes the government to check and control the selling of guns, maybe some law that protects the people that have mental illness. We have seen that most of the people that are responsible for mass shootings suffer from mental illness, so the gun shops should check and investigate deeply the people that buy weapons. I probably would have made the following amendment: " The people have the right to bear arms but they must pass an obligatory process of investigation of their records that should take no less than one month of length, after the process the citizen is able to get the gun if you have been a citizen for at least 1 year."

STATISTIC

Another senseless death.
