LIFE

The Sutherland springs shooting occurred on November 5, 2017. That day 26 people died. Dennis Johnson Sr. was one of the victims that died that day. He had six children and celebrated their 44th wedding anniversary on July 27. A relative set up a GoFundMe page that said the Johnson's had several grandchildren and were also expecting four-great grandchildren. According to the page, Dennis Johnson was an appointed church elder and served in the US Navy Reserves and the Army.

AMENDMENT

I think that there should be a law or an amendment to control the rate of guns sold to people with some type of mental issues. In my opinion this should be taken more seriously because most of mass shooters have mental issues or have suicide intentions. Gun stores should have stricter restrictions when they are selling these powerful harmful guns to people.

STATISTIC

Another senseless death.
