Avielle Richman, we are very sorry about what happened to you, you were just a little girl when you were brutally taken from this world. We are hard at work raising awareness to prevent things like this from happening anymore. Rest in peace, Avielle.

LIFE

On October 17, 2006, Avielle Richman was born in San Diego, California. She was an energetic little girl who adored hearing the countless stories her family would tell her. She always wore a smile on her face and loved laughter. On December 14, 2012, Avielle's life was senselessly cut short in the Sandy Hook Elementary School shooting. Her sweet laughter and lively personality will always be remembered and missed.

AMENDMENT

I think that there should be a law or an amendment that authorizes the government to check and control the selling of guns, maybe some law that protects the people that have mental illness. We have seen that most of the people that are responsible for mass shootings suffer from mental illness, so the gun shops should check and investigate deeply the people that buy weapons. I probably would have made the following amendment: "The people have the right to bear arms but they must pass an obligatory process of investigation of their records that should take no less than one month of length, after the process the citizen is able to get the gun if you have been a citizen for at least 1 year."

STATISTIC

Another senseless death.
