Hi Brian, I'm sorry that you couldn't fulfil your dreams of getting your master's degrees in water resources. I'm so sorry about what happened to you. I hope nobody else has to go through what you went through. RIP

AMENDMENT

Mass shootings are out of control. This problem can be reduced if background checks were made necessary for everyone who purchases a gun. If we allowed "red flag" laws, also known as "extreme-risk protection orders" or gun violence restraining orders laws to be passed, it would be better to identify dangerous individuals and take steps to temporarily disarm them before they can harm themselves or anyone else. We can petition the permanent removal of firearms from a person who may have a serious mental illness.

STATISTIC

Another senseless death.
