Dear Daniel, today you would've been an amazing 7th grader. You would've been having the time of your life, playing the drums and continuing to make delicious smores with your siblings. We will not stop the fight for stricter gun laws, for you and everyone lost to gun violence.

5:09 PM - 14 Dec 2012

## LIFE

Daniel Barden was a 6 year old boy who was senselessly murdered in the Sandy Hook Elementary Shooting in 2012. He was a loving brother to two siblings, and a caring son to his mother and father. His life was taken too soon, may he rest in peace.

## AMENDMENT

Supposedly the 2nd amendment is supposed to keep us safe, give us guns to protect ourselves. But now, in the current time, it feels like the 2nd amendment makes our life dangerous. Everyday, more and more people are using guns to kill us. Unfortunately, Daniel Barden was a victim of gun violence. We go to school afraid of people using guns, entering school grounds, and causing harm to ourselves, our friends, and our educators

## STATISTIC

Another senseless death.
