Hi Karla, here at Everglades we're doing everything we can to reduce gun violence. It breaks my heart how the horrible thing that happened to you can happen to anyone. We hope you and your family rest in peace in heaven. We wish you were here with us, RIP.

LIFE

Karla Holcombe was 58 years old when she was killed along with 26 other victims. Karla and her husband were a guest preacher at the First Baptist church in a small town in Texas. The Holcombe family lost 3 generations of their family members. Her son Mac Daniel Holcombe along with her pregnant in-law daughter and four of their grandchildren Noah, Emily, Megan and Greg.

AMENDMENT

The Second amendment gives the people the right to bear arms, but gun violence is out of control. There's been an increase of mass murders happening everywhere due to guns. The say gun is for protection but really murder always seems to be a part of it. This controversy can be reduced if we allowed background checks for everyone who purchases a gun. If we allow red flags laws to be passed, we can petition the permanent removal of firearms from a person who may have a serious mental illness or who represent danger to others and themselves.

STATISTIC

Another senseless death.
