Hey Richard you were having a wonderful life as a president of the 70 year member congregation and for that reason we will never stop until these mass shootings stop.

LIFE

Dr. Gottfried's return to his Jewish faith led him to become president of the 70-member congregation in Squirrel Hill. Last November, when the group moved from its Beechwood Boulevard building to Tree of Life, he smiled jubilantly, carrying the sacred scrolls of the Torah in a parade on Denniston Street. His enthusiasm prompted his sister, Carol Gottfried Black, a North Hills audiologist, to study for her bat mitzvah and begin leading services at New Light, too.

AMENDMENT

I think that there should be a law or an amendment to control the rate of guns sold to people with some type of mental issues. In my opinion this should be taken more seriously because most of mass shooters have mental issues or have suicide intentions. Gun stores should have stricter restrictions when they are selling these powerful harmful guns to people. "The people have the right to bear arms but they must pass an obligatory background check."

STATISTIC

Another senseless death.
