I am so sad that you passed away I really wanted to meet you. You were such a legend and were so loving and committed to what you did and thank you for being a good person in this world.

LIFE

David was a loving person who loved his family. He worked hard in a flower shop and he was 56 years old and was always with his brother Cecil, 59, who also died in the synagogue. He attended Life Tree Synagogue for a while now and he was really committed to his religion.

AMENDMENT

I think that the second amendment (right to bear arms) needs to be stronger in the way that they need to do background checks before you sell any weapons to anybody. They need to make it stronger by asking for their medical record or something similar.

STATISTIC

Another senseless death.
