Emily Rose Hill, I am truly sorry for what has happened to you and your family members. Me and peers are studying mass shootings and how we can prevent them. Sorry again for what has happened to you. May you and your family rest in peace.

LIFE

Emily Rose Hill was born on March 14, 2006 at San Antonio, Bexar County, Texas. She died at her church on November 5, 2017 (age 11) on Sunday. This was also known as the Sutherland Springs Shooting. Her mother and her three other siblings died that day of the shooting, her dad passed away in 2011.

AMENDMENT

The second amendment states and tells us that we have the right to bear arms which means we have the right to own guns. This law has been getting out of control time by time and it's a problem because guns have been getting into people's hands that shouldn't be able to get a gun because maybe they have an illness. So, they should have stricter laws behind this amendment.

STATISTIC

Another senseless death.
